EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the first sentence of the specification, after "October 7, 2002," insert -now abandoned-.

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate or render obvious the claimed compounds, ink compositions thereof or substrate or medium comprising the ink. The closest prior art compound is disclosed in Formula (13) on page 5 of WO 99/64526. The dye disclosed therein differs from the claimed compounds of claims 1 and 2 in that it has a hydroxyethylamino group instead of a sulfoethylamino group. The prior art provides no motivation to modify the compound disclosed therein to arrive at the claimed compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to
